Patrick Meek	(818) 246-3481	(818) 247-5775

Architect:	Owner:	Bid Project Status:
POPULOUS	APCLA	Open to Bid

Project Description:

Please see the revised due date has changed. Each sub in this package is required to log into LA RAMP, register for the project, perform and document the required outreach to MBE, WBE, SBE, EBE, DVBE, LBE and other business entities for each NAICS code that relates to your work.

The project consists of the expansion and renovation of the existing LA Convention Center. The expansion will tie the west and south halls together by crossing over W Pico Blvd adding 190,000sf of additional exhibit space. The expansion also includes the addition of 55,000sf of meeting rooms and associated back of house space. The top level of the expansion will add a 95,000sf multi-purpose space and outdoor event areas. The lobby expansion will be located north of W Pico Blvd and will provide car and motor coach drop off areas. The existing west security lot will become the new Central Utility Plant (CUP) for the project. Several areas of the existing facility will be upgraded to current codes as noted in the Technical Narrative and Modernization List. The project will achieve LEED Gold certification.

Subtrade that we plan to award off this round of pricing is as follows:

- 09D – Stretched Fabric Ceilings
 - Aditya Shah adityashah@pwjv.com

PCL Webcor a Joint Venture celebrates diversity and is proud to be an equal opportunity employer. We are committed to an inclusive environment for all employees and applicants and will make all employment-related decisions without regard to race, color, religion, sex, national origin, sexual orientation, gender identity, age, disability, or veteran status
